DELIVERABLES

Control Engineering will create your White Paper Connection ad according to our existing template. **All advertisers, regardless of size must supply the following:**

Actual title of white paper, **author** byline (name/title/company), and **generic e-mail and web address** to appear at the bottom of the page.

- Company logo in high-res eps vector (Adobe Illustrator) format. High res jpeg or tiff format acceptable.
- Your complete white paper in PDF format.
- A 30-word or less description of the white paper.

Full-Page Advertisers:

- Provide **275 words** of text summarizing content of white paper.
- Provide one high-resolution image (300 dpi or higher, approximately four inches wide). Example: chart, drawing or photograph of your choice relating to white paper content. This graphic will be *in addition* to the image of our white paper cover which is automatically included in all profiles.

Half-Page Advertisers:

- Provide **150 words** of text summarizing content of white paper.

THREE HOSTING OPTIONS **IMPORTANT!**

1. Advertiser can choose to host the white paper on their own site. If the paper resides on your own website, please supply URL for download instructions. Ex: "Download this paper at www.xyz.com/whitepaper" this hyperlink will appear in your profile ad. **A QR code will also appear in the layout for print edition readers.**
2. Advertiser hosts the white paper, but has *Control Engineering* set up a registration page which redirects reader to client site. This URL must be set up and provided to Judy Hall *before* layout is created.*
3. *Control Engineering* sets up registration for the white paper on www.controleng.com and also hosts/serves the paper (leads may be provided to customer). This URL must be set up and provided to Judy Hall *before* layout is created.*

* **Hosting options two and three require advance notice, and have an additional charge of \$1,500. Please alert your regional sales manager as soon as space is reserved.**
